

KENNY CORNELIUS

Software Engineer · Automation Specialist · AI Enthusiast

Tangerang, Indonesia | +6282211888556 | knycornelius.work@gmail.com

SUMMARY

Full-stack Software Engineer with 6 years building production web and mobile applications on the PERN and Next.js stacks, plus a recent focus on AI-driven workflow automation. Experienced across the full lifecycle (architecture, delivery, legacy modernization, and database migration) with a track record of shipping products in fintech, clinical research, and e-commerce domains.

EXPERIENCES

Software Engineer

KodeFox, Inc. – Tangerang, Indonesia

Jun 2020 – Jun 2026

- Built an AI-driven pricing service that recommends optimal delivery and menu prices for restaurants to maximize margins that adopted by 40+ restaurants in the US (MongoDB, Express.js, React.js, Node.js)
- Developed an AI-assisted Source Data Extraction (SDE) and markup platform for clinical research, accelerating data capture from source documents that successfully cut review time by 40% (PostgreSQL, Express.js, React.js, Node.js)
- Built the mobile interface for a travel insurance application serving Australian passengers (React Native)
- Maintained and refactored legacy open-source projects to ensure continued usability and security

Software Engineer

Freelance – Tangerang, Indonesia

Jan 2020 – Dec 2025

- Engineered a marketplace data analytics platform to help users make data-driven decisions (PERN)
- Designed and built HR and payroll web applications (Next.js)
- Built a document management system (Yii2 / PHP)

AI Automation Specialist

Freelance – Bali, Indonesia

Jan 2025 – Jun 2025

- Designed and shipped 14 finance, accounting, and e-commerce automation workflows using Make.com and n8n, cutting manual processing time by up to 24× (3 days to ~4hrs per cycle).

Laboratory Assistant

ICT Lab Universitas Multimedia Nusantara – Tangerang, Indonesia

Jan 2020 – Jun 2020

- Assisted students in mastering Object-Oriented Programming concepts
- Collaborated with fellow assistants to develop fair and comprehensive midterm and final exams

EDUCATION

Bachelor's Degree in Informatics

Universitas Multimedia Nusantara – Tangerang, Indonesia

2017 – 2022 | GPA: 3.69 / 4.00

- Member of UMNTV (campus press) – IT Department
- Involved in 4 campus events as Crew and Coordinator

CERTIFICATIONS

Certified Ethical Hacker (CEH)

EC-Council – Valid: 2020 - 2023

- Learned how to use advanced hacking tools and techniques used by hackers and security professionals
- Learned about ethical hacking phases, various attack vectors, and preventative countermeasures

CCNA Cybersecurity Operations (Online Academy – Completion)

Digital Talent Scholarship – KOMINFO – 2019

- Learned how to use Windows and Linux OS features to support cybersecurity analyses
- Learned how to perform the operation of network protocols and services analysis

TECHNICAL SKILLS

- Languages & Frameworks: TypeScript, Javascript, PHP, React.js, React Native, Node.js, Express.js, Next.js
- Databases: PostgreSQL, MongoDB
- Cloud & Tooling: AWS, Git, Docker, Kubernetes
- Automation: Make.com, N8N
- Others: REST API, GraphQL, Web App Architecture, Agile Development

SOFT SKILLS

Team Collaboration · Analytical Thinking · Problem-Solving · Adaptability · Communication

AREAS OF INTEREST

Software Engineering · Automation · Cybersecurity
